

Aurelius Capital Partners takes your privacy seriously. This privacy policy describes what personal information we collect and how we use it.

Information We Collect

Our primary goal in collecting personal information from you is to provide you with a smooth, efficient, and personalised experience while using our services. This allows us to provide services and features that most likely meet your needs, and to customize our service to make your experience easier and quicker.

We use a web analytics tool to analyse site usage, how our users arrive at our site, what they do on the site, what browser they are using and on what operating system etc. However, this analytics data, collected via a JavaScript tag in the pages of our site, is not tied to personally identifiable information.

Cookies

We use a number of different cookies on our site. If you do not know what cookies are, or how to control or delete them, then we recommend you visit <http://www.aboutcookies.org> for detailed guidance.

The following list describes the cookies we use on this site and what we use them for:

Google Analytics

We use this to understand how the site is being used in order to improve the user experience. User data is all anonymous. You can find out more about Google's position on privacy as regards its analytics service at <http://www.google.co.uk/intl/en/analytics/privacyoverview.html>.

Social Buttons

On many of the pages of the site you will see 'social buttons'. These enable users to share or bookmark the web pages. There are buttons for: Twitter, Google +, Facebook 'Like', and LinkedIn 'Share'. In order to implement these buttons, and connect them to the relevant social networks and external sites, there are scripts from domains outside of this site. You should be aware that these sites are likely to be collecting information about what you are doing all around the internet, including on this site. So if you click on any of these buttons, these sites will be registering that action and may use that information. In some cases these sites will be registering the fact that you are visiting unity-group.com, and the specific pages you are on, even if you don't click on the button if you are logged into their services, like Google and

Facebook. You should check the respective policies of each of these sites to see how exactly they use your information and to find out how to opt out, or delete, such information.

Blog Comments

In order to leave a comment in our Blog you either have to be a logged in Member or you have to give us at least your Name and Email address. You can choose whether to post as yourself, or anonymously. We require name and email address even for anonymous posts for quality control purposes.

Controlling Your Privacy

Note that you can change your browser settings to disable cookies if you have privacy concerns. Disabling cookies for all sites is not recommended as it may interfere with your use of some sites. The best option is to disable or enable cookies on a per-site basis. Consult your browser documentation for instructions on how to block cookies and other tracking mechanisms.

Special Note About Google Advertising

Any advertisements served by Google, Inc., and affiliated companies may be controlled using cookies. These cookies allow Google to display ads based on your visits to this site and other sites that use Google advertising services. Learn how to opt out of Google's cookie usage. As mentioned above, any tracking done by Google through cookies and other mechanisms is subject to Google's own privacy policies.

Contact Information

Concerns or questions about this privacy policy can be directed to us by using our contact us page.
